TAX COULD BE LAID

Held Up by Inability to Learn What State Tax Will be-Town Meeting Cuts Appropriation for Medical Inspection in Schools From \$1,000 to \$100-Meeting Throws Down Challeneg to Secretary of State Board of Education, Who Has Threatened to Hold Up School Money From the State.

A new situation in town meetings datory in school districts with 10,000 population or over. It is obviously discrimination. Just why medical inspection of Norwich assembled for heir annual town meeting, at which me of the principal items of business to lay the town tax for next year, developed in that of Tuesday evening In the town hall when the citizens of the town of Norwich assembled for their annual town meeting, at which one of the principal items of business is to lay the town tax for next year, but the meeting had to adjourn with out doing so, as it was revealed that the estimate made by the retiring board of selectmen of \$24,371.48 for state tax had been merely a guess, as the board had been unable to secure from the state tax commissioner the figure that this item would amount to. All that they had been able to learn was that the item would probably be considerably larger than the amount they had named in their estimates. The figure of \$4,395 estimated for

national guard is also subject to revision, it is stated, and in view of both these facts the meeting adjourned without laying the town tax. The date to which adjournment was taken was Nov. 9, by which time it is expected that the state tax commission.

pected that the state tax commission-er will have furnished the figures that are needed for these two items.

In effect, the meeting also threw down the challenge to the state board of education when it cut down from \$1,000 to \$100 the amount asked for medical inspection in schools in the face of the statement that it was not considered that medical inspection could be untifectorily carried out for could be satisfactorily carried out for less than \$1,000, and the secretary of the state board of education had said that if such inspection was not car-ried out the state grant for schools, which in the case of Norwich amounts to \$13,400, would be held up.

Town Counsel Pettis Presided. There was an attendance of about men when First Selectman Caeper Bailey called the meeting to order just as the town clock was striking 8 and gave up the chair to Town Counsel H. H. Pettis to preside. This the new chairman did with ability, conducting the business in an expeditious

After Town Clerk Charles S. Hol-brook had read the call for the meet-ing, the annual reports, which were in printed form, were accepted. These were the reports of the town treasurer sinking fund commission, health offi-cers, town school committee and trus-tees of the Otls library.

Salaries Voted.

The usual salaries were voted to be paid as follows: First selectman, \$2,-100; second and third selectmen, \$200 each; town clerk, \$200; town treasurer, \$1,000; board of assessors, \$3,000; tax collector, commission of 1 per cent. upon the amount of tax collected. The

expenses for the next year, Chairman Pettis said these had been prepared by the retiring selectmen, but he believed they were pared down to the lowest possible figure and he felt that any reduction in the amounts recommended would be inadvisable.

was about \$1,300. This a Town Meeting.

George O. Stead inquired how it was that he had to pay a tax for oiling and he was set straight by being told this was a town meeting while the property he owned was in the city, which assessed the taxpayers direct for oiling

The \$1,300 was voted.

Big Improvement in Bridges. The sum of \$5,000 as asked for bridges was voted after former Second Selectman William B. Wilcox said that the last year was an unusual year for the Norwich bridges, three of which had to be rebuilt. Now the town has six concrete bridges. These items were voted without re-mark: Contingent, \$9,000; interest, \$12,560; election expense, \$3,000; reg-istry of vital statistics, \$1,600; Yantic

plain the situation.

Mr. Spalding stated that they had put this item in at about \$200 more than last year, but when the selectmen talked with Tax Commissioner Corbin on Sept. 9 he gave no definite reply, and since then Mr. Corbin had given no town in the state any definite knowledge as to what its share of the state tax would be. Mr. Spalding suggested that the only thing to be done was to adjourn the meeting till Nov. 9 after transacting all other business but voting these amounts and laying the town tax. There is also the amount due the national guard, which was put in at \$4,395, but is also indefinite.

Mr. Spalding's motion to adjourn till Nov. 9th was carried. S. S.
Thresher asked if we would know then

Thresher asked if we would know then what the tax would be, and Mr. Spalding answered that it seemed very likely, because the town had to pay the state tax on Nov. 10.

The whole amount recommended in the selectmen's estimates was \$137,-665.43, but leaving out the state tax and national guard items, the sum of \$108,900 was voted up to this point in the meeting.

School Budget

School Budget.

The public school budget made up by the town school board at a total of \$123,702.90, of which \$108,670.82 was to be faised by a tax of 4 3-4 mills was next taken up.

Chairman Pettis suggested that the items be taken up in a lump, but upon objection by J. Desmond they were taken up separately.

The following were voted as recommended: Salaries, \$25,724; fuel supplies, incidentals, \$14,000; repairs, \$8,500; insurance, \$200; interest, \$2,778.90; evening school, \$500.

Medical Inspection Raises Opposition.

When the sum of \$1,000 for medical

When the sum of \$1,000 for medical inspection was brought up J. J. Desmond arose and said this matter had been well aired recently in the local press from different points of view. Heretofore there was no obligation on the town to provide for medical inspection of the schools, but the legislature of 1915 made this statute man-

plained.

Medical inspection has prevailed in some places, but it has had no tendency to decrease the death rate in places where it had been tried. This is an arbitrary and unfair discrimination against school districts of 10,000 population.

population

The statute also provides that towns shall furnish all necessary facilities for such inspection. Necessary facilities is a term so broad that who shall say what necessary facilities are. The territory is wide and how are the inspectors to get around. Relays of Automobiles.

Relays of Automobiles.

Town Clerk Holbrook suggested an automobile and Mr. Desmond asked if there was to be a relay of automobiles, for one wouldn't be enough. He asked if this was to be an experiment and an indication of some day when every citizen would have to submit himself to medical inspection made by someone selected by someone else.

Mr. Desmond asked if we were to have the spectacle of one place inspected by a physician of one school of practice of doctors and another place inspected by the physician of an opposing school of doctors.

The legislature has imposed this upon us, but I think we ought to make this just as light as possible, said Mr. Desmond, and he moved that the appropriation be made \$100.

J. Harrison Davis said he thought the family physician was the proper one to advise about the health of members of the family.

Legal Opinions Secured.

Legal Opinions Secured. Chairman Charles O. Murphy of the school board explained that they had secured opinions from the attorney general and the town counsel who advised that the town would have to provide medical inspection and the secretary of the state board of education had told them that the state trant of money for schools would be grant of money for schools would be held up unless the medical inspection was performed satisfactorily to the education board. The town school committee felt that \$1,000 was as little as the work could be done for.

Senator Barnes Speaks. Senator John H. Barnes told the neeting that his bill about medical meeting that his bill about medical inspection just sqeezed through the legislature. There was a doctor and also a dentist who were very much interested in it. Hardly a senator would vote for it when it first came up, but the originators of the bill added the provision that in case of a female the inspection might be by the family physician and then added the sop that the examination would be in the presence of the parents. Then the bill just pulled through. He thought that if the doctors were all as anxious as they seemed to have it passed they would be glad to work for the \$100.

reduction in the amounts of world would be inadvisable.

The following as recommended were voted: Almshouse, \$7,500; outside poor, \$9,500; insane, \$10,500; neglected and dependent children, \$2,500; highways (city of Norwich), \$18,000; highways (outside), \$6,000; macadam repairs, \$2,000; Chelsea parade, reseeding and fertilizing, \$200.

For oiling roads the item was \$1,300, and W. S. Alling inquired what was the expense of oiling roads last year. He was told by Mr. Spalding that it he state has spoken, and we should not encourage infraction of the law. not encourage infraction of the law.
While Mr. Desmond's argument was
good, said Mr. Shields, it should be addressed to the lawmakers, and we had

had been looking over the school report, said he noticed there were about 3,200 pupils, and that \$1,000 meant about a 30 cent inspection for each child. It seemed difficult to see how the provisions of the law as to privacy and family physician could be carried out with the \$1,000 available.

Mr. Shleids made the suggestion that

health officer and the town health officer might be enlisted to assist in the medical inspection work.

Charles O. Murphy said that the town school board had decided that the work could be very well done by a nurse and that they believed the \$1,000 vould be enough. Doubts Power of State Board.

Mr. Desmond spoke again and said that he didn't believe that the secretary of the state board of education had the power to say that if we don't make an appropriation that suited him he would withhold the state money, if that was the secretary's attitude, the courts are open, said Mr. Desmond. Voted \$100 for Medical Inspection. The \$100 amount was voted after a purst of applause that followed .Mr

Desmond's last words.

When the vote had been passed Mr. Deemond said he supposed the town authorities understood that they would be expected to take the necessary action in case there was any hold-up in the school money by the state board of The amounts voted for the public school budget made a total of \$122,-802.90.

Extras. What are known as the extras, which are outside the amounts recommended by the selectmen, were next taken up. The selectmen were authorized to borrow \$150,000 as needed for current

The usual sum of \$4,500 was voted for the Otis library.

The sum of \$13,500 was appropriated to be paid to the Norwich Free Academy for term fees of town pupils.

Pratte Avenue Petition. For parties who are interested in the layout of Pratte avenue, in Taftville, J. J. Desmond presented a petition asking for the layout as a public highway. No amount was named in the petition and Mr. Desmond said he understood that there would be no appropriation called for now. There are a number of houses already along this street and it would be fair to the people on the street to accept it as a public highway. For parties who are interested in the

highway. H. M. Lerou moved to lay on the H. M. Lerou moved to lay on the table, as there was no amount named, and S. S. Thresher criticized this way of bringing the matter up as irregular, as the selectmen should bring it up.

W. H. Shields suggested that a fairer way would be to refer it to the selectmen to report at the adjourned meeting. This was the action, taken.

W. B. Wilcox said not more than \$50 or \$75 would need to be expended.

Accepted Care of Yantic Lights.

A petition to have the town pay and care for 25 buglights at Yantic was explained by John H. Barnes. The amount asked to be appropriated was \$3:12. He explained that the lights were absolutely necessary for Yantic, where the Admore Woolen company was busily running now and paying

the Jordan of Willimantio, sister of the groom, and Miss Edna J. Mapples of Norwich, the maid of honor. Miss Edhel Lewis, cousin of the bride, preceding the bride, who was accompanied by her father.

The bridal party passed through the hall and parior into the living room, where they were met by the groom and his best man, John L. Leonard, Jr., of Willimantic, before a bank of palms, ferns and lilies, where the ceremony was performed.

The full Episcopal and double ring service was used. The bride's pastor, Rev. F. W. Coleman, of Trinity Methodist church, officiated, assisted by the Rev. W. S. Beard, pastor of the First Congregational church of Willimantic, of which church the groom is a member.

During the ceremony a violin solo, Meditation, Thais, de J. Massenet, was softly played by Miss Helen B. Royce.

The bride was very beautiful in an exquisite gown of white taffeta faille, cut with court train, and with trimmings of pearl and Chantilly lace, Her veil was artistically caught up with orange blossoms. She carried a shower bouquet of bride roses and lilies of the valley. The maid of honor was charmingly gowned in old rose net of taffeta and carried American Beauty roses. The bridesmalis were very attractive in gowns of biue and yellow. Miss Jordan wore blue satin taffeta with silver and tulle trimmings. She carried Killarney Queen roses. Miss Maples' gown was apricot charmeuse with trimmings of tulle and lace. She carried Aaron Ward roses. The color scheme of the "rainbow" wedding was further carried out in the home, which was beautifully decorated by Geduldig with southern smillax, palms and ferns and with tronders. home, which was beautifully decorated by Geduldig with southern smilax, palms and ferns and with touches of color harmoniaing with the gowns of the bridal party.

Following the ceremony a reception was held during which the bride's parents, Mr. and Mrs. Ellmer R. Pierson and Mr. and Mrs. F. D. Jordan of Willimantic, parents of the groom, received with the bride and groom.

The Harmony orchestra rendered this program of music during the evening

bouquet of pink orchids.

Mrs. Jordan was gowned in Nile green satin taffeta cut entraine with chiffon and irridescent trimmings.

The bride's gift to the groom was a gold knife and to her maid of honor and bridesmalds gold circle pins and with recent and a problem. the groom's gift to the bride was a ring set with diamonds and sapphires and to his best man an amethyst and diamonds the set with diamonds and sapphires and diamond sticken and diamond

net and turmoline stickpins set with pearls to his ushers.

The bride is one of Norwich's, most popular young ladies, having graduated from the Norwich Free Academy

uated from the Norwich Free Academy in the class of 1911, after which she took a course in general science at the University of Nebraska. While there she became a member of the national Greek letter sorority Alpha Chi Omaga and also was a member of the Delta Upsilon Phi in the Academy.

The groom is a graduate of Windham High school in the class of 1916 and from Phillips Exeter academy in 1912. At Exeter he took an active part in athletics and is a member of the Phi Epsilon Sigma fraternity there. Mr. Jordan is one of Willimentic's most popular as well as successful business men, being secretary of the Jordan Auto Co. and is active in the interests of the city.

Guests were present from Hartford.

Guests were present from Hartford, Boston, New York, Willimantic, New London, Mystic and Abilene, Kanens. The sifts were many and beautiful, consisting of china, linen, cut glass, sliver, mahogany, rugs and money. Among them was a gift from the Grex club of Willimantle and a cut glass water set from the employes of the Jordan garage. Jordan garage.

During the evening Mr. and Mrs.

Jordan left on a frip by automobile,
their destination being unknown to
all their friends.

all their friends.

The bride's going away gown was navy blue French chiffon broadcloth with beaver trimmings and hat to match. On their return they will reside in a newly furnished home, a gift of F. D. Jordan, the groom's father, on Windham road, Willimantic, Conn.

At noon on Tuesday, Rev. Herbert
J. Wyckoff, pastor of the Second
Congregational church united in mrriage Miss Margaret Josephine Kinney, daughter of Mrs. C. Newcomb
Kinney of this city, and William Allen Bottomley, son of Mr. and Mrs.
Edward Bottomley of Danielson. The
ceremony was performed at the home
of the bride's mother, No. 10 Huntington place, and under an arch of autumn foliage. As the bridal party entered the parlor Mendelssolin's wedding march was rendpred by Lester
Bottomley, brother of the groom. The
double ring service was used and the
couple were unattended.

The bride was charmingly gowned in white ottoman slik, trimmed
with lace, and she carried roses. Her Bottomley-Kinney.

out from \$3,100 to 35,200 per week. in payrolls.

Both the old board and the new board of selectmen are in favor of the matter. The \$312 appropriation was voted.

Referred to Selectmen. A petition asking that Lafayette and Oneco streets be improved beginning at the city line and continuing northerly as far as North Washington street was referred to the selectmen to report at the meeting on Nov. 3th, and the town meeting adjourned at

wedding gown was worn by a great aunt fifty years ago.

The bride was given in marriage by her brother, C. Russell Kinney.

Immediately following the ceremony the newly married couple received the congratulations of the many guesti present. They left on an early entirernoon train for a short wedding trip which will take them to interesting points in New England and on their return they will reside at No. 16 Huntington place.

The bride received a number of handsome and useful wedding gifts.

Chicago, Oct. 12.—Mrs. Stella Street.
er, wife of Captain George Wellington Streeter, "dictator of the district
of Lake Michigan," today shot and
slightly wounded a detective sergeant
according to the police and with a revolver held up 17 other officers who
had come to arrest her. Her hushand was arrosted, charged with seilling liquor without a liceuse.
Captain Streeter was taken into custody without difficulty. Mrs. Streeter,
according to the officers, opened fire
with a revolver, wounding Detective
Sergeant Cudmore in the shoulder.
When reinforcements arrived, Mrs.
Streeter barricaded herself in her
home and threatened to shoot anyone who approached. She was not arrested.

SERV-US COFFEE

Serv-us Coffee is blended from high

Serv-us Coffee is blended from high grade coffees, and contains, absolutely no inferior grades. Every roast-uls carefully inspected before being packed and is guaranteed to always be up to the Serv-us standard.

Serv-us standard.

Serv-us standard.

Serv-us standard coffee is ground by the modern steel cottling method, which removes all chart and dust, thus giving to the consumer only coffee that is absolutely clean and free from any foreign matter. Furthermore, Serv-us Coffee is packed entirely by machinery, and is not touched by human hards at any time during the process of roasting, steel cutting and packing.
